• ADVANTAGES OF PVC EDGE BAND

- Available in a wide range of colours and patterns matched to all popular high-pressure and TFM surfaces.
- GDecor Edge Band Lacquered for maximum protection and gloss control.
- Superior machinability for easier processing.
- GDecor Edge Band Conveniently packaged for maximum flexibility.
- It can be easily used on curved surfaces unlike real wood bands.
- GDecor Edge Band protects the wooden panels in your furniture from moisture, thus reducing the effects of atmospheric humidity and liquid spills. This means that the strength and durability of the wood increases. So, the next time you spill coffee on your table and it drips down the edge, thank the GDecor Edge Band for protecting cover wood.
- GDecor Edge Banding come in varying shades and colours and can be custom-made.
- No splintering or tearing & No dirty cut edges.
- GDecor Edge Band it's hold of 4 to 5 hours to dry only.
- GDecor Edge Band applied to the raw edge using a strong adhesive is used for pasting.
- No use for nailing. GDecor Edge Band nail free product, hence no damage.

• **USES** OF PVC EDGE BAND

GDecor PVC Edge Essentially, an edge band is a thin strip of impermeable PVC that is cut to fit the size of a wood panel. It is then applied to the raw edge using a strong adhesive. A heat roller is then used to melt the adhesive and glue the edge band over the wood. The ends are trimmed flush and bent so that they cover the wood and do not have any sharp ends. Any surplus glue is scraped off and the finished edge is buffed to give a perfect finish.

STEP-1

Measure and cut the Edge Banding as per the requirement.

STEP-2

Apply the contact Glue surfaces to Edge Banding and the material with a brush or spray.

STEP-3

Let the contact Glue Cement dry to touch, and.

STEP-4

Gdecor Edge Band The ends are trimmed flush and bent so that they cover the wood and do not have any sharp ends the extra edges to smooth.

www.gdecorindustries.com

06

www.gdecorindustries.com

APPLICATIONS:

PVC Edge banding creates a durable and contrasting finish for all the decorative surfaces using a narrow strip of PVC material. That helps in covering the exposed sides of the materials. It gives aesthetically pleasing trim edges and the appearance of reliable or more valuable material.

• **SOLID MATT** Series

Solid series Edge Band come in a never-ending variety of colours suitable for home and office interiors. Solid PVC Edge Band are designed to exactly match with the panel surfaces which masks your interior look classy and symmetric at a low cost.
